## Who is ASK Family Services?

The Caregiver Scholarship Program is administered by ASK Family Services. ASK is a non-profit community organization that supports family and youth by improving the system of care for children's mental health through collaboration with families, youth, and community partners. ASK Family Services has graciously taken over the Caregiver Scholarship application process and will provide a limited number of scholarships to parents and caregivers who apply. Scholarships will cover the cost of registration for one parent or caregiver attending the conference. ASK Family Services understands that to give those under our care the best possible support, we need to have relevant and current information. Often, we get the most helpful tips by talking with other parents and professionals who have experienced similar situations or who are on the same journey.
